Prioritize your wellbeing

But what is it anyway?

Where do we start?

Studio+

The cost of not being "well"

- **Chronic Stress**
- Broken Immune System
- More prone to obesity
- Chronic back / head ache
- Decision Fatigue
- Burnout
- Too active sympathetic nervous system
- Broken relations

** GWI 2021 (Global Wellness Institute)

What is Wellbeing?

According to WHO

it is physically, emotionally, spiritually and socially sustainable and balanced satisfaction status

Healthy Nutrition, Physical Activity, Chronic Diseases, Holistic Health Awareness

Self-Compassion, Emotional Regulation, Hope, Self-Efficacy, Optimism, Resilience, "Me Time," Stress Management, Focus

Sustainability, Harmony with Nature, Eco-Anxiety

Nourishing, Creative, Meaningful, Solution-Oriented, Inclusive, Trustworthy, Providing Psychological Safety, Offering Professional Satisfaction, Supporting Life Balance

Meaning, Self Actualization, Curiosity, Awareness, Creativity

Relationships, Society, Community Bonds, Sense of Belonging

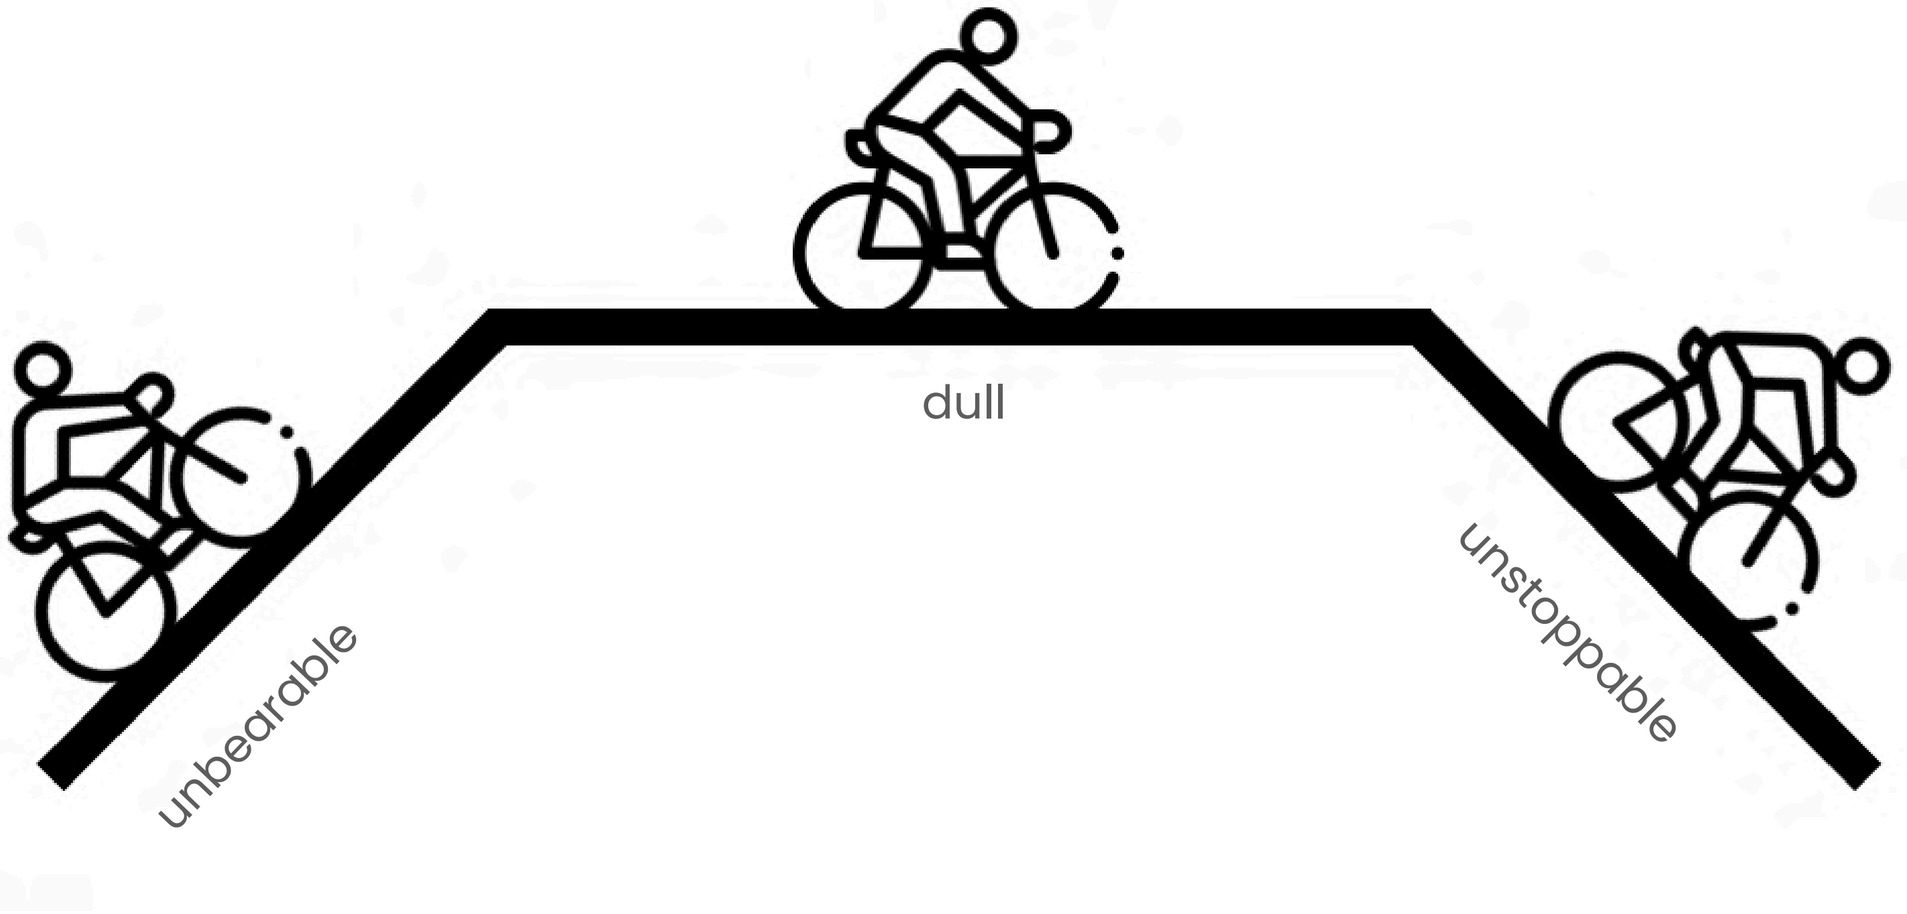

Faith, Peace, Awe, Meaning

Financial Security, Conscious Consumption, Personal Budget Management

Not just meditation or yoga

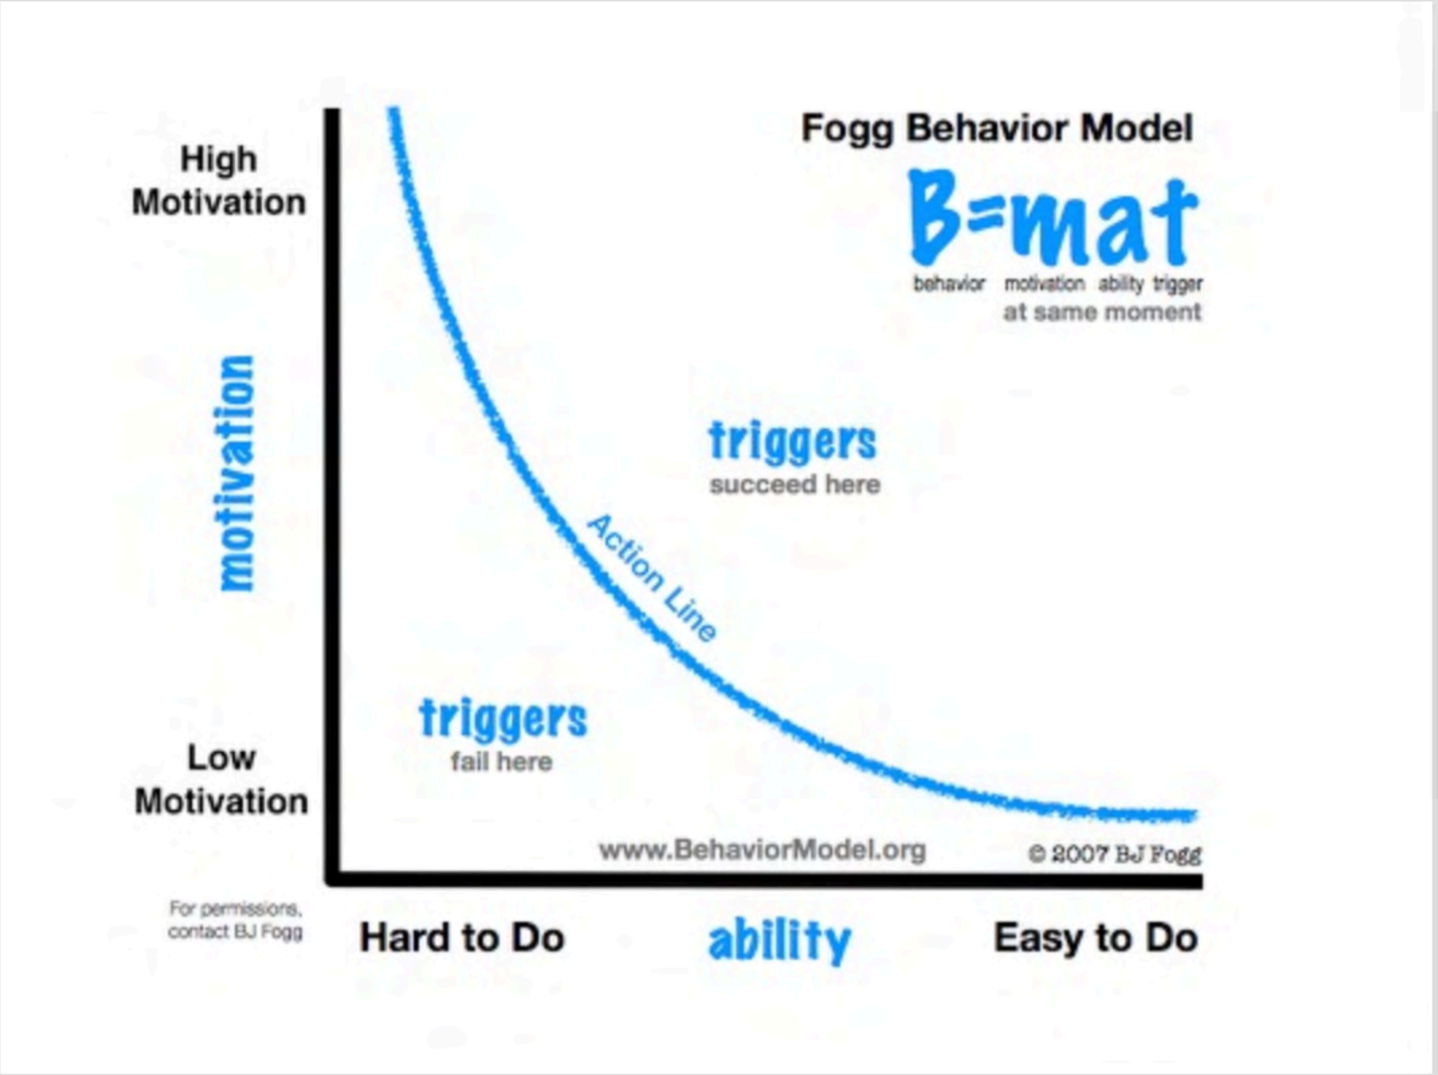

It's a matter of habit
