Q1

Nominal Voltage = 240 V Tapping Range = ±5%

The turns Ratio = 0.9

Vout = vin x0.9

Vout = 240x0.9

Vout = 216 V = Vo

Minimum Voltage

$V_{min} = 240 - (0.05 \times 240)$

$V_{min} = 228V = V_1$

Maximum Voltage

$V_{max} = 240 + (0.05 \times 240)$

$V_{max} = 252V = V_2$
